ORGANIZES

The International Conference:
**The International Conference:
How Far on Education, Disability, Deprivation,
Handicap and Education: Reality & Perspectives**

24-25 March, 2014

Presenting the Conference

Essaouira conference offers a unique opportunity for academics and other professionals from UK and Morocco to present a wide array of perspectives and expertise in the pursuit of Disabled Persons Education .

Most importantly, this group of professors, responsables of different disabled centres, and students will share their best practices for one common goal: to develop the disabled education.

The organization of the conference is based on plenary conferences, communications and posters.
